PROFESSIONAL EXPERIENCE

UX/UI Designer

Nov 2025 – Jan 2026

Olér Health **CONTRACT** Remote, CA

Simplified complex data visualizations and assessment dashboards, contributing to a user experience that saves clinicians time while ensuring 100% HIPAA compliance. Developed and iterated on interactive prototypes for the admissions intake screening tool, translating technical AI capabilities into an intuitive interface that handles blurry faxes, handwriting, and multi-page hospital records.

UX/UI Designer

Jun 2024 – Aug 2025

GlassHive Remote, CA

Accelerated the growth of a comprehensive component library by auditing and refining UI elements for better scalability. Partnered with engineering to deliver end-to-end design solutions that balanced technical constraints with a high-quality, user-centric aesthetic.

UX/UI Designer

Feb 2024 – May 2024

Decision Frontier **CONTRACT** Remote, CA

Partnered directly with the founder to architect the brand identity and foundational design language. Produced branding assets, including logos and color palettes, to establish a strong visual identity that fosters a cohesive brand narrative.

UX/UI Designer

Jul 2022 – Mar 2023

BOSS Startup Science Remote, CA

Spearheaded the development of a comprehensive design system for product interfaces and visual assets to ensure consistency across products and graphics, fostering a cohesive brand identity and user experience. Developed user-centric UX designs and features tailored for effective educational communication and connection, including chat systems, company profiles, and onboarding experiences.
